1. Principles

Oxfordshire Breastfeeding Support recognises that:

- The welfare of the child is paramount.
- All children have a right to equal protection from all types of harm and abuse.
- Babies are the most vulnerable group in society, and some (for example due to prematurity or additional health needs) are more vulnerable than others.
- Working in partnership with parents, carers and other agencies is essential in promoting children’s welfare.
- All staff and volunteers have a full and active part to play in protecting children from harm.

2. Framework

This policy has been developed in accordance with the principles established by the Children Act 1989 and in line with the following:

- Working Together to Safeguard Children 2015
- Framework for the Assessment of Children in Need and their Families 2000
- What to do if you are worried a Child is being Abused 2015
- Oxfordshire Safeguarding Children Board guidelines

3. Aims

- To ensure that all staff and volunteers have been checked as to their suitability and have received safeguarding training appropriate to their role.
- To raise awareness of all staff and volunteers of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse/neglect.
- To set out procedures which will be followed by all members of staff and volunteers in cases of suspected abuse/neglect.

4. Procedures

- All staff and volunteers will be checked for suitability prior to recruitment. This will include a DBS check and two references.
- All staff and volunteers will have training appropriate to their role:
- All staff will have a minimum of OSCB Generalist Safeguarding training plus one additional training (Advanced Safeguarding or DSL).
- OBS will have two Designated Safeguarding Leads, with OSCB DSL training.
- The Volunteer Coordinator will have OSCB Safer Recruitment training.
- OBS will have a Designated Safeguarding Trustee with responsibility in relation to the Whistleblowing policy (see section 9, below).
- For volunteers, the minimum level of training is the OSCB online course “introduction to safeguarding” (or equivalent from Oxford University Hospitals Trust, for volunteers who are also healthcare professionals). Volunteers are also encouraged to do OSCB Generalist Safeguarding training.
- All training will be regularly updated in accordance with OSCB recommendations.
- New staff and volunteers will be made aware of this policy, the procedures for child protection and the name and contact details of the DSLs and Designated Safeguarding Trustee, prior to beginning work for OBS.

5. Responsibilities

All staff and volunteers will follow Oxfordshire Safeguarding Children Board Procedures/Local Authority guidance in all cases of abuse, or suspected abuse. These can be found at <http://www.oscb.org.uk/professionals/>

- If there are concerns within a drop-in session about a child’s welfare, possible abuse or neglect, the session facilitator must be informed within the session or as soon as possible afterwards.
- The session facilitator will consult with a DSL (if the facilitator is not a DSL).
- The DSL will consult with and/or refer to the LCSS and/or MASH, as appropriate.
- Detailed and accurate written records of concerns about a child (using OBS’s “Record of Concern” form) will be kept even if there is no need to make an immediate referral.
- All such records will be kept confidentially and securely.

- All records of concern (whether or not a referral is made) will be shared with the relevant health visiting or midwifery team as soon as possible: by the next working day if a referral is made or within 3 working days if a referral is not made.
- Information about safeguarding concerns will be shared with other OBS personnel, agencies and professionals on a need-to-know basis.

6. Confidentiality

- OBS recognises that all matters relating to child protection are confidential.
- However, all staff and volunteers must be aware that they have a responsibility to share information in order to safeguard children.
- All staff and volunteers must be aware that they cannot promise to keep secrets that might compromise the safety or well being of a child or vulnerable adult.
- OBS will always undertake to share the intention to refer a child to Social Care with their parents /carers, unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the LCSS/MASH.
- OBS will take no names consultations with the LCSS/MASH to discuss concerns we may have, but we understand that if they then ask for a name we will disclose those details and it will become a referral.

7. Supporting Staff and volunteers

- We recognise that OBS staff and volunteers who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.
- The DSLs will be available to give both practical and emotional support to staff and volunteers regarding any safeguarding matter.

8. Protecting staff and volunteers

- No staff member or volunteer should pick up or hold a baby/child without a specific request or permission from parents/carers.
- Staff members and volunteers should take all reasonable steps to avoid being alone with a child (other than their own child) during a drop-in session.

9. Whistleblowing

- If a staff member or volunteer has a concern or complaint about the attitude or action of another staff member or volunteer, this should be discussed as soon as possible with one of the DSLs.
- If the concern relates to one of the DSLs, it should be reported as soon as possible to the other DSL, or (if the DSL is not available) to the Designated

Safeguarding Trustee. Contact details can be found in section 10, below.
